

IDX BUSINESS RULES

I. INTRODUCTION TO IDX – ITS PURPOSE AND DEFINITION:

Brokers cannot advertise other Brokers' listings without each Broker's approval. Internet Data Exchange (IDX) affords each Broker the option of authorizing limited electronic display and delivery of their listings by other Brokers via the following authorized mediums under the Broker's control: websites, mobile apps and audio devices. As used throughout these Rules, "display" includes "delivery" of each listing. **IDX is made up of three components:** (1) The IDX Data, (2) The IDX Business Rules, and (3) A means to determine whose MLS listings to include in the IDX Data. This is accomplished by allowing Brokers to "opt out" of IDX if they choose not to participate (*see IDX Non-Participant*).

IDX Business Rules specify, among other things, requirements on how to "treat" other brokers' listings. These rules have been adopted by the RVAR Board of Directors for implementation of IDX in the Roanoke Valley.

II. GLOSSARY OF TERMS: (for the purpose of this document)

- IDX: See *Introduction to IDX – Its Purpose and Definition*
- Broker: A member of the Roanoke MLS who is a principal broker
- IDX Broker: A Broker who is an IDX participant (has not "opted out")
- IDX Electronic Display: An IDX-enhanced electronic display operated by an IDX Broker or IDX Agent
- Agent: A REALTOR working for an IDX Broker
- Agent IDX: See *Types of IDX*
- Broker IDX: See *Types of IDX*
- IDX Agent: An Agent of an IDX Broker who is authorized to employ Agent IDX
- IDX Subcontractor: A third-party vendor who is in agreement with the Authorized Use of IDX section of the IDX Business Rules, and has provided the IDX Broker a signed IDX Subcontractor Agreement
- IDX Data: Any data contained in the IDX database(s), whether listing data or otherwise
- Raw IDX Data: Data files provided by the Roanoke MLS for the purpose of supporting Broker IDX and Agent IDX
- IDX Visitor: Anyone who views an IDX electronic display
- IDX Listings: MLS listings listed by IDX Brokers that meet the following criteria:
 - ✓ Listing Type = Exclusive Right to Represent Seller
 - ✓ Listing Type = Exclusive Agency listings
 - ✓ On-Market Listings (including Pendings)
 - ✓ Seller Web Authorization permits the display of listing on IDX electronic display or delivery mechanism.

NOTES:

(1) *The Listing Type of RSFB is not included in the IDX display of active listings.*

(2) *Listings of sellers who have directed their listing brokers to withhold their listing from electronic display to the public shall not be included in IDX.*

III. IDX PARTICIPATION:

- A. IDX PARTICIPANT:** All Brokers engaged in real estate brokerage who do not opt out of IDX are IDX Participants. Brokers are presumed to be IDX Brokers unless a Broker affirmatively notifies the MLS that he or she refuses to participate in IDX. The MLS will provide a form for any Broker who wants to "opt out" of IDX. Even where Brokers have given blanket authority for limited electronic display and delivery of their listings by other IDX Brokers, such consent may be withdrawn on a listing-by-listing basis, as instructed by the seller.
- B. IDX NON-PARTICIPANT:** Any Broker who opts out of IDX (refuses to permit the display of his MLS listings in IDX) is an IDX Non-Participant, and shall not download, display, link to, frame, or advertise the Internet address of IDX Data or an IDX display.

IV. TYPES OF IDX:

- A. Broker IDX:** Broker IDX is IDX made available to all IDX Brokers for the limited electronic display and delivery of IDX Listings.
- B. Agent IDX:** Agent IDX is IDX made available to Agents of an IDX Broker (an IDX Agent) with that Broker's permission, subject to the requirements stated in Section V.A.4 below. Each IDX Broker is responsible to ensure IDX Agent compliance with the IDX Business Rules.

V. AUTHORIZED USE OF IDX:

A. The Authorized Use of IDX Data:

1. All copyrights and intellectual property rights of IDX Data are the exclusive property of the Multiple Listing Service of The Roanoke Valley, and are being provided with a limited license to access and use the IDX Data subject to the IDX Business Rules.
2. IDX Data may only be used for the following:
 - a. The design and support of IDX electronic displays and delivery of IDX listings for IDX Brokers
(under the scope of Broker IDX)
 - b. The design and support of IDX electronic displays and delivery of IDX listings for IDX Agents
(under the scope of Agent IDX).
 - c. NOTE: It is understood that IDX electronic displays and delivery of IDX listings (under the scope of Broker IDX and Agent IDX) advertise IDX Listings to the public (the IDX Visitor). IDX Visitors, however, may only use IDX Data for their personal, non-commercial benefit.
 - d. These rules do not require Participants to prevent indexing of IDX listings by recognized search engines.
3. Whether using IDX Data directly or indirectly through an IDX Subcontractor, the IDX broker shall ensure that IDX Data is used only in the manner and within the guidelines specified in these rules.

4. Agent IDX is available under the following terms:

- a. The IDX Agent is authorized to have an Agent IDX electronic display unless prohibited by the IDX Broker. IDX Brokers may choose to prohibit Agent IDX for any or all of their agents. To do so, the IDX Broker must provide to the RVAR office an official statement prohibiting Agent IDX, to include a list of the agents' names.
- b. The IDX Agent is prohibited from gaining access to the Raw IDX Data.
- c. MLS has provided a list of authorized IDX vendors serving Agent IDX. This list is included in a document entitled "Authorized Vendors for Agent IDX", and is located on RVAR's web site. IDX Agents will be limited to vendors on this list, with one exception (see next paragraph).
- d. If an IDX Broker is currently using a custom Broker IDX solution (using Raw IDX Data) from a vendor not listed in the "Authorized Vendors for Agent IDX" document, the IDX Broker is authorized to provide a custom Agent IDX solution for his or her agents using the IDX Broker's same vendor.
- e. An IDX Broker may also allow his Agents to ***Link** to the IDX Broker's website. Any Agent web site that ***Links** to an IDX Web Site will be subject to all IDX Business Rules. If an Agent provides a link to the broker's website, by no means can the broker frames, logo, company name, and contact information be concealed from the public.

***Link:** *Within this context, a link is defined as any means used by an Agent that allows the public to view any portion of his or her broker's web site.*

5. Any use of IDX Data other than as listed above is unauthorized and prohibited. The IDX Broker shall immediately notify RVAR staff of any unauthorized use of IDX Data for which the IDX Broker is responsible.

B. When an IDX Broker Uses the Services of a Third-Party Web Developer:

When an IDX Broker pursues either (1) the development of an IDX Web Site or other electronic display or delivery mechanism or (2) enhancement of an existing web site to incorporate IDX, the IDX Broker may choose to use the services of a third-party web site developer to design the web site or other electronic display or other display. In doing so, the IDX Broker and the third-party vendor must agree to the Authorized Use of IDX. Because the third-party vendor will be acting as an agent of the IDX Broker, the IDX Broker is responsible for all compliance with the IDX Business Rules by the third-party vendor.

1. The IDX Broker shall obtain from the third-party vendor a completed IDX Subcontractor Agreement (see Appendix L).
2. MLS shall obtain from the IDX Broker a completed IDX Broker Agreement / IDX Web Site Registration (see Appendix K). Only then shall RVAR provide IDX Data access to the IDX Broker.
3. Once the third-party vendor has agreed with, signed, and submitted the IDX Subcontractor Agreement (see Appendix L) to the IDX Broker, the third-party vendor (IDX Subcontractor) is authorized to have access to IDX Data. The IDX Broker may then provide IDX Data access to the IDX Subcontractor. The IDX Broker shall never allow a third-party vendor to obtain access to IDX Data without the vendor first agreeing to and signing a Subcontractor Agreement Form. The IDX Broker shall keep the IDX Subcontractor Agreement on file, and provide a copy to RVAR.

4. The IDX Subcontractor shall provide to RVAR (upon request) a list of their Broker IDX and Agent IDX subscribers, to include the member's full name and web site URL.
5. The IDX Broker shall immediately notify RVAR staff of any unauthorized use of IDX Data for which the IDX Broker is responsible.

C. Renewal: IDX data feeds shall be renewed by the MLS on an annual basis.

VI. REQUIRED IDX DISCLOSURES AND DISCLAIMERS:

A. For the IDX Broker (on *IDX Broker Agreement / IDX Web Site Registration Form*):

1. All copyrights and intellectual property rights are the exclusive property of the Multiple Listing Service of The Roanoke Valley, and are being provided with a limited license to access and use the IDX Data subject to the IDX Business Rules.
2. Whether using IDX Data directly, or through an IDX Subcontractor, the IDX Broker shall ensure IDX Data is used only in the manner and within the guidelines specified in these rules.
3. The IDX Broker will hold harmless RVAR.

B. For the IDX Visitor (on *IDX Web Sites or other electronic displays*):

1. ***To appear on IDX Search Screen:***

- a. Although the Multiple Listing Service of The Roanoke Valley is the single source for these listings, listing data appearing on this web site does not necessarily reflect the entirety of all available listings within the Multiple Listing Service. All listing data is refreshed regularly, but its accuracy is subject to market changes.
- b. All copyrights and intellectual property rights are the exclusive property of the Multiple Listing Service of The Roanoke Valley. Whether obtained from a search result or otherwise, visitors to this web site may only use this listing data for their personal, non-commercial benefit. The unauthorized retrieval or use of this listing data is prohibited.

2. ***To appear on all variations of IDX search results:***

- a. All information is deemed reliable but not guaranteed, and should be independently verified.

NOTE: Display of minimal information (e.g., "thumbnails", text messages, "tweets") of 200 characters or less are exempt from the disclosure requirements contained in VI.B, but only when linked directly to a display that includes all required disclosures. For audio delivery of listing content, all required disclosures must be subsequently delivered electronically to the registered consumer performing the property search or linked to through the device's application.

VII. SPECIFICATIONS FOR USE AND DISPLAY OF IDX DATA:

- A. Multiple Listing Service of The Roanoke Valley is the single source for IDX Listings.
(See DISCLAIMERS TO PUBLISH)
- B. IDX Participants must notify the MLS of their intention to display or deliver IDX information, and must give to the MLS direct access for purposes of monitoring / ensuring compliance with applicable rules and policies.
- C. IDX Brokers may select the listings they choose to display through IDX based only on objective criteria including, but not limited to, factors such as geography or location, ("uptown", "downtown", etc.) list price, type of property (e.g., condominiums, single-family detached, multi-family etc.), or type of listing (e.g., exclusive right to sell or exclusive agency.) Selection of listings displayed through IDX must be independently made by each IDX Broker.

- D. Except as provided in these rules, an IDX electronic display, an IDX Broker, IDX Agent, or user operating an IDX electronic display may not distribute, provide, or make any portion of the MLS database available to any person or entity.
- E. When displaying IDX Listings other than their own, an IDX Broker shall only display those fields of data designated by the MLS (See *IDX Field Display Requirements*). Although a **Broker has the right to display** any information on his firm's listings, the MLS advises that fields containing confidential data not be displayed (e.g. owner information, the vacancy of a property, remarks not meant to be viewed by the public, a listing's expiration date). The **seller has the right to prohibit display** of the property address or the List Date or the entire listing on the Internet ("*on the Internet*" includes, but is not limited to publicly-accessible websites or VOWs). In such cases, the property address or the List Date or the entire listing (as specified by the seller) shall not be accessible in an IDX electronic display.
- F. Concerning Agent IDX and the display of company listings, the property address may only be displayed on an IDX Agent's electronic display with the IDX Broker's permission.
- G. IDX Brokers shall not alter data of IDX Listings other than their own. This is not to say that an IDX Broker has permission to alter the meaning of his or her IDX Listing data. But rather, when displaying listings other than his own, the IDX Broker has no liberty to interpret the meaning of the data. If he chooses to translate (for example) "masonry fireplace" as "hand-crafted brick fireplace" for his own listings, the IDX Broker has the liberty to do so. IDX Data may be augmented with additional property information from other sources to appear on the same webpage or display clearly separated by the data supplied by the MLS. The sources of the addition information must be clearly identified in the immediate proximity to such data.
- H. The listing firm shall be identified in a reasonably prominent location, along with the email or phone number provided by the Listing Participant, in a reasonably prominent location. Such identification shall be displayed in readily visible color and typeface, with the typeface not smaller than the median typeface used in the display of listing data. Displays of minimal information (e.g., "thumbnails", text messages, "tweets") of 200 characters or less are exempt from this requirement, but only when linked directly to a display that includes all required disclosures.
- I. An MLS Participant may co-mingle the listings of other brokers received in an IDX feed with listings available from other MLS IDX feeds, provided all such displays are consistent with the IDX rules, and the MLS Participant holds participatory rights in those MLSs. As used in the policy, "co-mingling" means that consumers are able to execute a single property search of multiple IDX data feeds resulting in the display of IDX information from each of the MLSs on a single search results page; and that Participants may display listings from each IDX feed on a single webpage or display.
- J. An IDX Broker shall not display branded virtual tours on IDX Listings other than their own.
- K. When displaying IDX Listings, the name of the brokerage firm must be clearly identified in a readily visible color and typeface. "The brokerage firm" is defined as the firm with whom the broker or agent operating the IDX electronic display is licensed. Displays of minimal information (e.g., "thumbnails", text messages, "tweets") of 200 characters or less are exempt from this requirement, but only when linked directly to a display that includes all required disclosures.
- L. IDX Data shall be refreshed not less frequently than every 12 hours. The "date last updated" should be clearly displayed. Displays of minimal information (e.g., "thumbnails", text messages, "tweets") of 200 characters or less are exempt from this requirement to display "date last updated", but only when linked directly to such display.
- M. IDX Broker shall ensure all required IDX disclosures and disclaimers are properly printed or displayed (see Required IDX Disclosures and Disclaimers). Displays of minimal information (e.g.,

"thumbnails", text messages, "tweets") of 200 characters or less are exempt from this requirement, but only when linked directly to a display that includes all required disclosures.

N. At the request of the seller, the following capabilities/features (either or both) shall be disabled or discontinued on an IDX electronic display as they pertain to the seller's listing:

1. Third-party comments/reviews. This includes the display of a hyperlink to such comments/reviews that is positioned in immediate conjunction with the listing.
2. Automated estimate of market value. This includes the display of a hyperlink to such estimate that is positioned in immediate conjunction with the listing.

The listing broker or agent shall indicate within the MLS system that the seller has elected to have one or both of the capabilities/features disabled or discontinued on all Participants' IDX electronic displays. In such cases, it is completely acceptable to indicate on an IDX electronic display that a particular feature has been disabled at the request of the seller.

P. The IDX Participant who operates an IDX electronic display shall maintain a means (e.g., e-mail address, telephone number) to receive comments about the accuracy of any property-specific data or information (beyond that already supplied by the MLS) that is added to the IDX electronic display by or on behalf of the Participant. Once notified by the listing broker or listing agent detailing the nature of the inaccuracy, the IDX Participant who operates the IDX electronic display shall correct or remove all false data or information relating to a specific property. However, the IDX Participants shall not be obligated to remove or correct any data or information that simply reflects good faith opinion, advice, or professional judgment.
